The D&L Learning Center in Denver, Colorado is the perfect setting to stimulate your creativity and expand your knowledge of art glass techniques. Join us for a free Lunchtime Learning demonstration or enroll in a class with a professional visiting artist: you'll come away with invaluable knowledge and experience.

Our spacious, well-lit learning center helps make every D&L workshop a special event! It's loaded with state-of-the-art equipment including coldworking equipment from Ameritool, Covington, Denver Glass Machinery, and Glastar; kilns from Evenheat, Paragon, Skutt and Denver Glass Machinery; ringsaws, bandsaws, and grinders from Gemini, Glastar and Gryphon Corp.; the Cutter's Mate system, the Morton System and more. Each workshop includes a continental breakfast and a selection of delicious lunches with snacks and refreshments available all day.

Visit www.dlstainedglass.com for more information. Payment plans are available, just ask!
Class sizes are limited so register today! Just call 800-525-0940, ask for Darlena.
